Gina: Thank you for sharing the Benzo[a]pyrene draft assessment for interagency review and for explaining NCEA's intentions for the expedited review. As someone still new to the IRIS review steps, can you let me know if there is an established time frame for interagency reviews? I would guess that we would have at least 15 business days at this point in the assessment process, but that's merely a guess. I welcome your explanation. Thank you. Kelly
